

BEAM Alliance

Intelligent Smart Screen

The attractive BEAM Alliance monitoring system with the unique 360° LED light ring provides continuous communication to the hose handle, displaying key system performance and operational elements. Complies with all current European standards for stand-by electrical consumption.

BEAM Alliance Interface

Advanced Fingertip Controls electronically adjusts suction and turns the entire system on/off with the push of a button. The exclusive double-D nozzle and fully sealed AeroPro™ hose & wand provide increased performance and lower noise.

3-in-1 Cleaning Tool

The right tool is always at hand with the 3-in-1 cleaning tool clipped securely on the telescopic wand. The 3-in-1 cleaning tool easily converts from a dusting brush, to crevice and fabric tool.

Quick Clean Valve

Opens easily with the touch of a finger. The powered Quick Clean Valve let's you turn on the system from the hose handle and is great for quick clean-ups around the power unit without having to install additional inlet valves.

Press & Release Bucket

Simply press down on any two points around the ring and pull down to empty bucket. The bucket easily lifts into place with one hand.

Self Cleaning Filter

The exclusive BEAM Self Cleaning Filter with GORE-TEX™ technology filters 98% of particles at 0.3 microns, without the need of ever having to buy separate filter bags. The BEAM Self Cleaning Filter protects the HE motor for prolonged product life, keeping superior suction performance over time.

650TB

Intelligently designed for small to medium size homes, combining high performance with an attractive design. The integrated system performance screen with the attractive 360° light-ring links with the hose handle, providing continuous system monitoring for optimal cleaning.

BEAM Alliance

A High Efficiency motor is at the heart of every BEAM Alliance system. HE motors offer higher performance using 30% less energy than the traditional central vacuum system motor.

650TB

Model:	650TB
Voltage	230 V / 240 V
Airwatts	650
Airflow (l/s)	50.6
Waterlift (mm)	3430
Motor	HE Flow-Thru
Size (w x h)	38 cm X 108 cm
Features:	
Sound Suppression (ASTM, IEC)	68 dB
Press & Release Bucket	15 L
Quick Clean Valve	Powered
Filtration	Self Cleaning Gore-Tex™ Filter
HEPA Filter	Optional
Smart Screen:	Intelligent
System On Indicator	-
LED Backlit & Ring	yes
Motion Sensor	yes
Empty Bucket Icon	yes
Performance Bars	-
Motor Speed	-
Hose Link Icon	yes
Navigation Buttons	-
Motor Fault Icon	yes
Clock	-
Error Code	-
